CIVILIAN MARKSMANSHIP PROGRAM (CMP) SERVICE RIFLE CLINIC SEPTEMBER 19, 8:00 AM - ORSA ED T. JOHNSON INDOOR RANGE FACILITY

The ORSA Rifle and Pistol Club will conduct its Fall 2020 CMP Service Rifle Clinic on September 19th. You will learn to fire a Service Rifle accurately without the need for sandbags or a bipod. ORSA High Power Service Rifle and Long-Range Rifle shooters routinely place 20 shots in groups smaller than the size of a dinner plate at 600 yards. You will receive one-on-one instruction from experienced competitors.

Since the Spring Clinics were canceled due to COVID, those registrants have first priority. We will be practicing social distancing and other mitigation steps, and we appreciate your understanding.

If you would like to learn how to get started in the high-power service rifle shooting disciplines, please plan to join us on Saturday September 19th at 8:00 AM at ORSA's Ed T. Johnson Indoor Range Facility. You may bring your own US Service Rifle (AR-15, M1-Garand, or M1-A and ammo); or, use a club rifle and ammo. If you bring your gear, cost is \$5.00. If you are using an ORSA rifle, ammo, and equipment; cost is \$30.00.

If you wish to participate, please read and follow the instructions below.

- RSVP to David Kiefer orsaclinic@gmail.com, Answer the following questions:
- What is your name, email address, and are you 12 or older?
- Are you furnishing your own rifle and ammo? If you are, what are you bringing? (see safety)
- Will you need a club AR-15? (note, only club ammo may be fired in club rifles)
- What is your suit jacket size? (helps us fit you with a shooting jacket)
- Are you left-handed?

PLEASE READ AND FOLLOW THESE INSTRUCTIONS:

- Schedule: Report to the ORSA Ed T. Johnson Indoor Range Facility at 8:00 AM Saturday, the day of the Clinic.
- You will register, receive an introductory course of instruction and will be assigned a shooting relay and target number
- Upon reporting to the firing line, you will be paired with a coach and fitted with a shooting jacket and mitt.

COURSE OF FIRE: ALL FIRING WILL BE CONDUCTED FROM THE 200 YARD LINE

- 5 prone slow fire sighter shots
- 10 shots prone slow fire
- 10 shots rapid fire fired from the prone position with a magazine change
- 10 shots rapid fire fired from the sitting position with a magazine change
- 10 shots slow fire standing

FEES: (CASH ONLY, PLEASE)

- \$30.00 for club rifle, ammo, and equipment
- \$5.00 if participant brings their own rifle, equipment and ammo

RANGE REQUIREMENTS, SAFETY, AND COMFORT:

- Eye and Ear Protection are required on all ORSA ranges and must be furnished by participants.
- Dress for the weather predicted, to include a hat and sunscreen. An inclement weather plan exists in the event of rain.
- No Muzzle Brakes, shooters and coaches are in close proximity to each other on the firing line.
- Bring plenty to drink, and a light lunch.

NEW DATE - ORSA ALL-EVENTS

What, another Covid postponement? I'm afraid so. We had previously announced the date for this year's All-Events Match as October 31. However, due to all the uncertainty surrounding the current issues (have you tried to find 9mm ammo lately?), we have decided to push the match into the Springtime. We're hoping we can bring this all together the first weekend of March, right before our 75th Anniversary extravaganza! Stay tuned for more information.

PAT HACKETT

I am Pat Hackett and I would like your vote for the position of Secretary of ORSA.

I was born in Oak Ridge and graduated from Oak Ridge High School. I attended the University of Tennessee and graduated from their Veterinary School in the first class. I was a practicing veterinarian for 40 years in Knox County and operated my own hospital for 38 years.

I have been shooting with the ORSA Cowboys for 12 years, and was their President (Ramrod) for the last three years and served on the Action Pistol Board for three years. As a member, I helped with the ORSA All Shoot and the Action Pistol Saturday event to allow members to experience other shooting disciplines.

I am married to a Lady Cowboy shooter and we were married at ORSA and then went on to shoot our monthly match. We have two sons. One is a Major in the Air Force and the other is a Major in the Army.

Thanks for your consideration and I look forward to serving you!

FROM THE PRESIDENT

Joe Biden has publicly said to Beto O'Rourke, "You're going to take care of the gun problem with me, you're going to be the one who leads this effort."

And Beto O'Rourke, a staunch advocate of gun confiscation, has repeatedly stated "Hell, yes, we are going to take your AR-15, your AK-47."

During the primary's, his running mate, Kamala

Harris made the following statement concerning gun control, "When I'm elected, I'll give them 100 days to pull their act together, put a bill on my desk for signature and if they don't, I will take executive action."

When someone tells you "Nobody wants to take your guns." It's a LIE!

JERRY ZORSCH - *President ORSA*

NEWS FROM SKEET & TRAP & SPORTING CLAYS

Again I hope this article finds you and your family well and virus-free. When you are at the club please take advantage of the disinfectant and towels that are provided for our safety.

The spring session of our Skeet League finished in June due to the virus delay.

This session had 58 participants including 16 first time participants. Twenty-nine shooters were prize winners who divided \$1320.00, and cash prizes were awarded to the top five shooters in each of five classes. Over 23,000 targets were thrown.

The fall Skeet League will start September 3rd at 4:00 pm and runs for eight weeks and we hope to see you there!

Several adult and Junior shooters competed in the 2020 Tennessee State Skeet Championships. The three day event was held at the new Crossville Shooting Sports Park outside of Crossville, TN. Look for an article with results and photos in next month's Rangefinder.

Skeet, Trap and Sporting Clays continues to be open all day Saturday and Sunday afternoons. We will add week days as soon as it is feasible.

And finally - please take a moment to read this!

I strongly urge you to take a few minutes and read the Right to Keep and Bear Arms article in this month's Range-

finder. Share these facts with friends and family whether they are shooters or not - especially those that enjoy owning guns, shooting and believe in the importance of protecting the integrity of the Second Amendment. This ensures we may continue owning the guns we enjoy having and shooting. We are at a pivotal moment in the history of our country! Based on the speed of what happened to our neighbors to the north and New Zealand, please understand that these rights are not to be taken for granted. We MUST stay well-informed and be able to be effective and articulate advocates for the freedoms and rights we treasure. We have to pick the right people to represent us in local, state and national government and promote those candidates in this election.

Also, not many other times has the NRA been so important to us all. The NRA has done more for us than any other organization, and I imagine most of you are members. If you're not a member I urge you to join. The NRA is the most effective fighter for the rights of people like us and clubs like ours. They support leaders who believe in the Second Amendment and our right to enjoy the shooting sports and for that matter, keeping ORSA open.

Be well, and see you on the ranges,

LARRY MCNAMEE - *President of S,T&SC*

BENCHREST RANGE CLOSED FOR MAINTENANCE AND WE NEED VOLUNTEERS!

The BENCHREST RANGE will be closed from 8am to 2pm on September 16th 2020. We will be performing some needed maintenance and improvements. AND we can use some help! For more information and how you can help, contact Tim French at: orsariflepistol@gmail.com. The more help we can get, the faster the range will be back in service. Thanks for your patience and hope you can help!

TIM FRENCH - *President, Rifle and Pistol - orsariflepistol@gmail.com*

BENCHREST RANGE USE AND ETIQUETTE

For this month's edition of "don't be that guy (or gal), lets discuss the Benchrest Range dos and don'ts. The BR is one of the more popular ranges at ORSA due to its flexibility and design. Load development, sighting in, trying to shoot the smallest group yet, or just general group shooting are the intended uses of the BR. We do not allow any targets to be used at his range other than paper targets that can be affixed to the backers that are in place at 50, 100 and 200 yards.

Centerfire and rimfire rifles are the most commonly used firearms on the BR and the target backers are designed to accommodate those firearms, when used correctly. If you have been on this range, you should have noticed the upright posts are 4" x 4" wooden posts and the backing material is celloplast, aka sign material. The design of the backer boards is to allow easy fastening and removal of paper targets, due to the fact that tacks or staples will easily hold the targets and can be removed without tools.

Around the outside edge of the celloplast is a 4" wide border that

has the words "NO FIRE ZONE" written on it. The reason we don't want anyone shooting in to this area is that's where the wooden 4" x 4" post and frame material is hidden behind

the celloplast backer. At times this border becomes hidden by the use of brown paper that has been attached to the celloplast so shots can more easily be seen when missing the targets. We are asking whomever has been placing this brown paper on the backers to be so kind as to not do this anymore. If you feel the need to place the brown paper on the backer, place it inside the frame, not to the outside edge as has been taking place lately.

As you can see in the pictures below, the black and red shoot n see target was placed on the left upright, resulting in the left 4" x 4" being shot and destroyed with 5 shots to the center of the target. Take care of the ranges at ORSA, follow the guidelines and rules provided at each range, and if you see someone using the targets or range incorrectly, bring it to their attention.

TIM FRENCH

Please keep the brown paper and the targets OUT of the marked NO FIRE ZONE.

This is what happens when targets are placed in the NO FIRE ZONE. This 4 x 4 support post will need to be replaced soon by club volunteers.

THE RIGHT TO KEEP AND BEAR ARMS

The Right to Keep and Bear Arms (RKBA) column is now available each month on the ORSAONLINE web site at (www.orsaonline.org/rkba.asp). From time to time, the RKBA column will be included in the printed version which is mailed to members' homes when space permits.

Please remember that each edition of the Rangefinder is also available online at ORSAONLINE (www.orsaonline.org/newsletters.asp) and is normally available before the edition arrives by mail.

TWRA HUNTER SAFETY

We have received inquiries regarding TWRA Hunter Safety training this fall in preparation for the upcoming hunting season particularly, since our Spring class was cancelled due to COVID-19. As with the rest of our daily lives, the COVID-19 virus is still impacting TWRA hunter training.

In order to provide some continuity, the TWRA has provided new guidelines. Accordingly, if you have not completed TWRA Hunter Safety we recommend that if you are over the age of 21, that you complete the hunter-ed course online. If you are under the age of 21 you should apply for the apprentice license (hunter education exemption). The cost of this apprentice license from TWRA is \$12.00 www.tn.gov/twra

APPRENTICE HUNTING LICENSE

This license is available to all hunters 10 years of age or older who have not completed the mandatory hunter education course. It exempts the hunter from the mandatory hunter education law until one year from the date of purchase and can be purchased 3 consecutive years during the lifetime of the hunter. Hunters who possess this license must be accompanied by an adult 21 years of age or older, who must meet hunter education requirements and is able to take immediate control of the hunting device.

Thank you,
ORSA Training

Joe Biden and the Democrat Party have a party platform that should be opposed by every freedom loving American, especially those of us that cherish the Second Amendment.

"Democrats will enact universal background checks, end online sales of guns and ammunition, close dangerous loopholes that currently allow stalkers and some individuals convicted of assault or battery to buy and possess firearms, and adequately fund the federal background check system. We will close the 'Charleston loophole' and prevent individuals who have been convicted of hate crimes from possessing firearms. Democrats will ban the manufacture and sale of assault weapons and high capacity magazines. We will incentivize states to enact licensing requirements for owning firearms and "red flag" laws that allow courts to temporarily remove guns from the possession of those who are a danger to themselves or others. We will pass legislation requiring that guns be safely stored in homes. And Democrats believe that gun companies should be held responsible for their products, just like any other business, and will prioritize repealing the law that shields gun manufacturers from civil liability." Page 43 of the Democrat draft platform.

"Make no mistake about it, if Joe Biden wins in November and the Democrats get control of the U.S. Senate this will be the new reality," he warned. *"And believe me, this is just the beginning of the gun prohibition movement's agenda to finally destroy our Second Amendment rights."* Second Amendment Foundation President Scott Gottlieb.

"I mean we've passed universal registra... uh, universal background checks out of the House! It's one of the 400 bills languishing in the Senate..." *"That's why we really need to take the Senate back."* We've already passed the legislation in the House. *There's just no alternative."* Rep Karen Bass, D-Calif

"New York Attorney General Letitia James filed a lawsuit seeking to dissolve the National Rifle Association (NRA), the largest and most influential pro-gun organization in the nation." Read that again, this is the press announcement from the NY AG and it seeks to dissolve the NRA. Dissolve! Do you think this political? Do you think the government should dissolve advocacy groups that they don't like?

2020 DEMOCRATIC PARTY PLATFORM DECLARES TOTAL WAR ON 2ND AMENDMENT

Ammoland Inc. Posted on August 3, 2020 by NRAHQ

U.S.A. -(AmmoLand.com)- The national Democratic Party is no longer making any attempt to hide their antipathy towards guns and gun owners. Where once the party attempted to tailor their anti-gun messaging to appear moderate and appeal to some gun owners, the draft 2020 Democratic Party Platform contains a full-throated assault on firearms ownership and a blueprint for undermining every aspect of Second Amendment rights. Viewed in historical context, the draft 2020 Democratic Party Platform is the most anti-gun the party has ever put forward.

Released July 21, the draft platform contains the following passage:

Democrats will enact universal background checks, end online sales of guns and ammunition, close dangerous loopholes that currently allow stalkers and some individuals convicted of assault or battery to buy and possess firearms, and adequately fund the federal background check system. We will close the "Charleston loophole" and prevent individuals who have been convicted of hate crimes from possessing firearms. Democrats will ban the manufacture and

sale of assault weapons and high capacity magazines. We will incentivize states to enact licensing requirements for owning firearms and "red flag" laws that allow courts to temporarily remove guns from the possession of those who are a danger to themselves or others. We will pass legislation requiring that guns be safely stored in homes. And Democrats believe that gun companies should be held responsible for their products, just like any other business, and will prioritize repealing the law that shields gun manufacturers from civil liability.

The proposals include so-called "universal" background checks, the elimination of the National Instant Criminal Background Check System's three-day safety -valve provision, and gun owner licensing, which would turn the right to keep and bear arms into a privilege dependent on the whim of government bureaucrats. The Democrats would empower government intrusions into the home to dictate how Americans keep

and store firearms for self-defense and to confiscate firearms without due process based on the flimsiest of evidentiary standards. Moreover, the draft platform calls for a ban on commonly-owned semi-automatic firearms and their magazines, something explicitly prohibited under the U.S. Supreme Court's interpretation of the Second Amendment in *Columbia v. Heller*.

Another portion of the platform states, "Democrats will also ensure the Centers for Disease Control and Prevention have sufficient resources to study gun violence as a public health issue."

At a time when the politically-biased Centers for Disease Control has come under severe criticism for its response to an actual communicable disease, the national Democratic Party platform would further distract the agency from its core mission by turning it back into a taxpayer-funded gun control factoid factory.

The gun control section of the draft 2020 Democratic platform is an escalation of the anti-gun position put forward in the 2016 platform, adding and expounding upon the positions in the earlier document. Both are notable for what they omit. Neither recognizes that Americans have a Second Amendment right to keep and bear arms.

As recently as 2012, the national Democratic Party was willing to acknowledge that the Second Amendment protects an individual right to arms - something understood by the vast majority of Americans and the U.S. Supreme Court. The 2012 Democratic platform explained:

We recognize that the individual right to bear arms is an important part of the American tradition, and we will preserve Americans' Second Amendment right to own and use firearms.

Similarly, the 2008 Democratic platform noted:

We recognize that the right to bear arms is an important part of the American tradition, and we will preserve Americans' Second Amendment right to own and use firearms.

The 2004 Democratic platform stated:

We will protect Americans' Second Amendment right to own firearms...

Although the 2000 Democratic platform did not cite the Second Amendment, the platform stated that the party sought to regulate firearms "in ways that respect the rights of hunters, sportsmen, and legitimate gun owners."

Earlier Democratic platforms (1996, 1992, 1980, 1976) often offered language meant to assure hunters and target shooters that their rights would not come under threat.

The Democrats' inclusion of Second Amendment language in the platforms of the early 2000s wasn't by mistake. After George W. Bush defeated Al Gore in the 2000 presidential election, there was a concerted effort by Democrats to moderate, or at least give the appearance of moderating, the prevailing party positions on gun control in order to better reflect the American electorate's respect for gun rights.

For instance, in 2002, the Washington Post reported on a Democratic Senate caucus retreat at which "several" senators suggested a move away from gun control. According to the item, this prompted freshman Sen. Hillary Clinton (D-N.Y.) to "[urge] her colleagues to keep their positions but change their language to be less inflammatory to swing voters." In the mid-2000s Democratic National Committee chairman Howard Dean and Democratic Congressional Campaign Committee Chairman Rahm Emanuel also sought to shift the party's anti-gun perception.

With the nomination of Clinton in 2016, the pretense that

the national Democratic Party would respect Second Amendment rights was no longer tenable.

During the campaign, Clinton repeatedly attacked the individual right to keep and bear arms. She even attacked the U.S. Supreme Court's decision in *Heller*, which recognized the individual right to arms.

Clinton told the audience at a September 2015 fundraiser in New York City "the Supreme Court is wrong on the Second Amendment. And I am going to make that case every chance I get." At a separate event in Connecticut, the former senator called Heller "a terrible decision." When asked by ABC's George Stephanopolous to clarify her position on the Second Amendment, the former first lady refused to acknowledge that it protects an individual right.

Presumptive Democratic presidential nominee Joe Biden's persistent attacks on gun owners also make platform language in support of the Second Amendment indefensible.

The career politician has endorsed the confiscation of commonly-owned semi-automatic firearms. Biden had the following exchange with CNN's Anderson Cooper when asked about firearm confiscation during an August 5, 2019 interview:

Cooper: So, to gun owners out there who say well a Biden administration means they are going to come for my guns.

Biden: Bingo! You're right if you have an assault weapon.

Further, while attending a private \$500 a person fundraiser in November, Biden revealed his intent to ban 9mm pistols. According to an article from the Seattle Times, while at the soiree, the 77-year-old posited to attendees "Why should we allow people to have military-style weapons including pistols with 9mm bullets and can hold 10 or more rounds?"

The U.S. Supreme Court has made clear that the Second Amendment prohibits the gun bans Biden advocates.

In *Heller*, the Court concluded that the types of firearms protected by the Second Amendment include those "in common use at the time" for "lawful purposes like self-defense." The AR-15, which Biden has made clear he seeks to ban, is the most popular rifle in America and therefore undoubtedly "in common use" and protected by the Second Amendment. Similarly, industry data shows that 9mm pistols are the most common type of pistol produced.

In 2015, *Heller* decision author Justice Antonin Scalia reiterated that the Second Amendment and *Heller* preclude so-called "assault weapons" bans when he signed onto a dissent from the denial of certiorari in *Friedman v. Highland Park*. In the dissent, Justice Clarence Thomas explained,

Roughly five million Americans own AR-style semiautomatic rifles [with many millions more owning them in 2020]. The overwhelming majority of citizens who own and use such rifles do so for lawful purposes, including self-defense and target shooting. Under our precedents, that is all that is needed for citizens to have a right under the Second Amendment to keep such weapons.

The gun control section of the draft 2020 Democratic Party Platform is a perfect fit for the party's presumptive presidential nominee. Both the platform drafters and the former vice president have put forward a radical gun control agenda that would further burden every aspect of gun ownership. Above all, both have exhibited a complete disregard for the Second Amendment.

THE RANGEFINDER is published monthly by the Oak Ridge Sportsmen's Assoc. (ORSA) and is mailed to all current members. ORSA is an organization of shooters, hunters, archers, fishermen and others dedicated to outdoor sports and conservation. A limited number of complimentary paper copies are available to interested parties and businesses on a first-come, first-serve basis. An electronic version of this newsletter is posting in the news area of the ORSA website.

Send email correspondence (but NOT address changes) regarding this publication to:
orsasec@gmail.com with a Subject Line: ORSA Rangefinder

If you wish to submit an article for publication, you must first submit it to the ORSA Secretary via email. The article will then be distributed via email to the ORSA board for approval. When the board approves the article, the author will be notified.
