ATOMIC BLAST V IS A BIG SUCCESS!

Keith J. uses his front sight on Crossroad Guitar Player.

Sherwin Ocampo goes low through the port under the watchful eye of Range Officer Trina Gregory on The Hand Cart.

Limited high-overall and Tennessee State Champion Paul Kerr leans in on a tight shot on The Hand Car.

With the close of Atomic Blast IV, the 2019 USPSA Tennessee State Championship, the ORSA USPSA team thought we were going to have a year off from the challenges of organizing such a big event. Another range had agreed to host the match in 2020. Just after the new year, the presumed 2020 hosts backed out, leaving no one to host match. By March, the ORSA team was again considering running the match. Then the world changed with the outbreak of Covid-19. Would we be allowed to host over 200 shooters for a match? Could we get sponsors? Would anyone register? Fortunately, the answer to all these questions was a resounding "YES" !

On September 17-19, 2020, the ORSA USPSA club hosted Atomic Blast V, the 2020 USPSA Tennessee State Championship. In a drastic change from the previous four years, the weather was very mild and close to perfect. The remnants of Hurricane Sally rained themselves out Thursday morning before the first shots and it only improved from there. A small group of staff shot on Thursday, September 17. Those staff members then ran the staff squads who shot on Friday. In all, 207 shooters registered for the match, including 54 dedicated individuals who served as match staff. Robert Garrett served as Match Director, Gary

McConnell and Gilbert Perez served as Range Masters, Statistics and Shooter Services were overseen by Jack Suggs, Mark Levy, Byrl Addison, and Jimmy Harrison, while Mr. Fix-It was Larry Wilders.

This year's match consisted of 10 stages with names inspired by the movie Oh, Brother, Where Art Thou?, including The Chain Gang, The Hand Cart, The Baptism, Babyface Speedshoot, Singin' in the Can, The Sirens, Crossroad Guitar Player, Big Dan Bible Salesman, Rescue Tommy, and The Flood. The stages included a combination of fast, open shots, tight targets where it paid to slow down, and shots which looked easy but were not! The front sight was required on every stage! The stages were a good mix of challenging and fun for shooters of all skill levels. With a minimum round count of 270, the shooters got their money's worth! Lots of randomly drawn prizes awarded throughout the day put smiles on lots of faces.

The talent was deep in this year's field, so the winners had to work hard to earn their win. The high-overall shooters were: Tom Castro-PCC, Paul Kerr-Limited, Andy Walker-Carry Optics, Michael Hwang-Open, Garren Singleton-Production, and Weston Hensley-Single Stack. The Tennessee State Champions were: Ryan Campbell-PCC, Paul Kerr-Limited, Andy Walker-Carry Optics, Jason Edwards-Open, Garren Singleton-Production, and Weston Hensley-Single Stack. Congratulations to all our winners!

A quality match requires quality sponsors, and we were fortunate to have great ones! In a year where many of these folks are scrambling to fill orders, we sincerely appreciate their time and contributions to bring a great match with great prizes to the shooters. The match sponsor was GP Arms, your source for high quality BUL Armory firearms. The Division Sponsors included Ruger, Shooter's Connection, Liberty Arm Gun Shop/Liberty Sport and Pawn, Lead Star Arms, and Glock. Stage Sponsors were Vortex Optics, Brass Monkey Bullets, Holston Mountain Concealment, GX Products, Tactical Kinetics, Hunters Gold, Parabellum Ammo, Pro Ears, PremEAR, Invictus Practical, Voodoo Tactical, Corrosion X, and Range Store.net. Lunch was again provided by Wood Oven Eats, who bakes pizza on site in a wood-fired oven. Yes, it is delicious!

The ORSA USPSA team would like to sincerely thank all of our sponsors and everyone who gave up their time to pull props, set up stages, run stages, and do all the things it takes to pull off an undertaking of this size. From all accounts, this year ran as smoothly and efficiently as any we've done. We appreciate your efforts!

ORSA ELECTION BALLOT

It's election season at ORSA and this year, we are experiencing an uncontested slate of candidates. As you may know, Mike Glasman has decided not to run for another term as Secretary, and Dr. Pat Hackett is running for the open position of Secretary; and Keith Jimmerson will not run for Roads and Grounds, and Mr. Ed Allen is running for Roads and Grounds chair. Both candidates meet qualifications for office, have stated their intent to run for ORSA office, they have provided their biographies prior to the deadline, and therefore are the only candidates that may now run for the positions, per the ORSA Bylaws.

Also, as you all know, our practice for contested elections has been to mail ballots to each member-in-good-standing; however, this is a costly, time-consuming, and labor-intensive enterprise. So, following some discussion, and given the circumstance of an uncontested slate, your Board saw the opportunity to save money and time. So, instead of mailing ballots we are providing a ballot in the Rangefinder (see below) that you may complete, and bring it to the annual meeting in December, or simply cut the ballot out and mail it in. *Regarding the Annual Meeting, please understand that given the current circumstances, a location has not been announced. Please look for an announcement in next month's Rangefinder.*

Fulfil your duties as an ORSA member.

Complete the ballot and follow instructions provided on the ballot, below.

BIDEN'S DEMOCRAT PLATFORM ON GUNS

In the presidential debate, Joe Biden said, “The party is me...Right now, I am the Democratic Party. I am the Democratic Party right now.” Okay Joe, you own the Democrat platform. Below is his platform as to gun control, taken directly from the Democrat platform document. It is buried in a section called, “Healing the soul of America”.

“Ending the Epidemic of Gun Violence

Gun violence is a public health crisis in the United States. Over 100,000 people are shot and nearly 40,000 people die annually from guns—devastating countless families, friends, and communities. We can and will make gun violence a thing of the past.

Democrats will enact universal background checks, end online sales of guns and ammunition, close dangerous loopholes that currently allow stalkers, abusive partners, and some individuals convicted of assault or battery to buy and possess firearms, and adequately fund the federal background check system. We will close the “Charleston loophole” and prevent individuals who have been convicted of hate crimes from possessing firearms. Democrats will ban the manufacture and sale of assault weapons and high capacity magazines. We will incentivize states to enact licensing requirements for own-

ing firearms and extreme risk protection order laws that allow courts to temporarily remove guns from the possession of those who are a danger to themselves or others. We will pass legislation requiring that guns be safely stored in homes. And Democrats believe that gun companies should be held responsible for their products, just like any other business, and will prioritize repealing the law that shields gun manufacturers from civil liability.”

Remember that people saying “All Lives Matter” have been charged with a HATE CRIME in California.

Taken as a whole, these steps would eventually lead to no one legally owning a gun (except, of course, Democrat politicians, their friends and those protecting Democrat politicians). In fact, gun violence by criminals would undoubtedly increase since criminals don't obey any of these laws and they would know they face disarmed citizens. Biden completely ignores that these steps would eliminate legally owned guns from being used in self-defense. Estimates on defensive gun use range from 500,000 to 2,500,000 per year.

But, hey, what do facts mean to a guy that believes Antifa isn't real?

ACTION PISTOL BOARD ELECTIONS TO BE HELD MONDAY, DECEMBER 14

The election of officers for the ORSA Action Pistol Club board will be held during the regular board meeting on Monday, December 14, 2020 at 7 p.m. The meeting will be held at the new utility building at the AP Range. Those interested in running for one of the officer seats should contact Gary Inman at ginman47@comcast.net by November 15 to enter their name for consideration. Those wishing to cast their vote in the election must do so in person. Both candidates and those wishing to vote must be ORSA members in good standing and must be involved in at least one of the Action Pistol disciplines.

ORIENTATION DATES SET FOR THE ACTION PISTOL RANGE

ORSA members wishing to utilize the Action Pistol Range are required to be active participants in one of the sports hosted at the AP Range or attend a short orientation prior to using the range. The first orientation is set for October 26. The topics covered will include range safety rules, the types of targets and firearms allowed on the range, and an overview of the various sports available. Each class will be held on the last Monday of the month beginning at 6 p.m. at the new utility building at the AP Range. Orientation will last approximately one hour. Sessions are now scheduled for October 26, November 30, and December 14. Questions should be addressed to Drew Winder at drew@drewandashley.com or Paul Avery at avery870@gmail.com. We hope you'll join us!

In November we face a stark choice in the future of America. In one choice there is a Democrat nominee for president, Joe Biden, who has embraced the most extreme leftist policies of any presidential nominee. Included in these policies are plans to disarm Americans. At the same time these policies include defunding the nation's police departments. All this is occurring during a time of rioting and rampant crime sweeping across our cities, which is not denounced by the Democrat nominee of any in his party. So at a time of national violence, the Democrat plan is to defund police departments AND disarm the citizenry.

The other choice is the current President, Donald Trump, who speaks out against the rioting and violence every day. He has offered federal police and troops to quell the violence but has been opposed by Democrat governors and mayors. Donald Trump is against the "defund the police" efforts and is a strong supporter of our Second Amendment rights.

Democratic presidential nominee Joe Biden on Sunday (9-13-2020) called for gun control less than 24 hours after two Los Angeles County sheriff's deputies who were critically wounded in Compton after a gunman opened fire on their squad car in an ambush.

"Weapons of war have no place in our communities. We need to ban assault weapons and high-capacity magazines," the former Vice President tweeted. This is not the first time Joe Biden has called for banning so-call assault weapons and high capacity magazines. He was asked in a TV interview if his administration would ban AR 15's and he replied "Bingo." Right after Mr. Biden got the Democrat nomination he was at a rally in Texas and was endorsed by rabid anti-gun rights Robert "Beto" O'Rourke and Biden yelled "I'm going to appoint you to lead our efforts to get rid of guns. I'm counting on you."

Joe Biden's running mate is California Senator Kamala Harris, who is also out to eliminate our Second Amendment rights. When she herself was running for the presidential nomination she said "I will give the Congress 100 days to pass meaningful gun control legislation, if they don't I will sign executive orders to mandate gun control."

Joe Biden has named some of the people he would put on his cabinet. Every one of them is an ardent gun control advocate. It is clear that a Joe Biden administration would be the most anti-Second Amendment administration in our nation's history. Add to that, Biden would be able to nominate the most liberal lawyers he could find to our courts and to the Supreme Court.

Below is an article that clearly makes the case for our decision on November 3rd.

MOBOCRACY VERSUS REPUBLICAN DEMOCRACY

Marcus Antonius spoke, thus, *"And Caesar's spirit, raging for revenge, With Hate by his side come hot from hell, Shall in these confines with a monarch's voice Cry, "Havoc!" and let slip the dogs of war, That this foul deed shall smell above the earth With Carrion men, groaning for burial.* - Citation from Shakespeare's historical play, Julius Caesar, Act 3, Scene 1.

War is upon us. Make no mistake about it. Be prepared to arm up. The survival of our Republic is at stake!

The sad thing is very few people will acknowledge this, even as some do embrace it, want it, even demand it. Many deny it, scoff at the idea of it, but most everyone, at some level, feels it.

All that we Americans have seen and heard in the last few months compels our acceptance of it, the hard, cold realization of it; and what it means for us.

But is this a modern American "civil war"—a race war—a clash between purported do-gooders demanding an accounting for people of color and privileged white oppressors, as the hordes of mindless Radicals endlessly shout and as a seditious Press echoes?

No! this is not a "race war" and never was, and calling it so, doesn't make it so.

This is mere artifice, a stratagem concocted by the Nation's Destructor Antagonists—the discontented Marxists, Socialists, Communists, Anarchists, Neoliberal Billionaire Globalists who have lost patience with the American electorate—an electorate that threw a wrench in their plans for world domination; an electorate that audaciously voted into Office an outsider, a businessman, who sought merely to return the Country to its rightful heirs: the American citizenry.

The Antagonist Destructors of our Nation see this and won't allow it; won't permit President Trump to serve a second term in Office. They plan to defeat Trump in the coming election by chicanery and unlawful acts if they can; by brute force if they cannot. They haven't disguised their intentions. They really cannot. This is their last chance and they know it.

They have brainwashed many; hoodwinked many others. The Nation is in their grasp: November 3, 2020 is the date set for the Governmental coup d'état.

These ruthless forces both here and abroad have embraced a strategy to destroy the U.S. Constitution itself, the very fabric of our Nation. Once accomplished they will go to work immediately to disassemble a free Constitutional Republic.

They will do so by executive fiat. They will rewrite our Consti-

tution; eradicate our God-given sacred rights and liberties; open our borders to tens of millions of the world's dregs; bankrupt our Nation; subject our citizenry to conformity in thought and uniformity in behavior; reduce the populace to dependency on Government largess for its existence. They will erase our Nation's history, heritage, culture, and Judeo-Christian Ethic: all of it must go. Our Nation, in the form the founders bequeathed to us, will effectively cease to exist.

And these Antagonists, these would-be Destructors, will proceed forthwith, with blinding speed once they have taken over the reins of Government. They have legions of stooges and toadies to assist them—those who have assisted them since Day One of the Trump Presidency.

A ONE-DAY CIVIL WAR- (COUNTER-REVOLUTION): NOVEMBER 3, 2020

The nature of the present major conflict facing Americans has aspects of both a civil war and revolution, creating a unique hybrid.

WHAT IS THE DIFFERENCE BETWEEN A CIVIL WAR AND A REVOLUTION?

There is a distinction to be drawn between the expression, 'civil war,' and the expression, 'revolution.'

"The word revolution is derived from the Latin 'revolutio', meaning 'a turn-around'. Revolution results in a mutational change in organizational structure quite amazingly in a short period of time. Revolution brings about a change in the power too.

Revolutions took place through history. It is interesting to note that apart from the change in power, revolution brings about change in cultural and economical situations as well of a country or a region. Socio-political scenario gets completely changed by a revolution.

It is interesting to note that the term revolution is used to indicate changes that take place outside the political arena. Culture, philosophy, society and technology have undergone marked transformations by these revolutions.

A civil war is defined as a war that takes place between two organized groups within the same nation state. In short it can be described as a war between factions in the same country. One of the best examples of a civil war is the American Civil War (1861-1865). It is otherwise called the War Between the States that took place as a civil war in the United States of America.

It is important to know that the two organized groups that take part in the civil war are normally bent upon creating their own governments and having organized military.

The most important difference between a revolution and a civil war is that civilians directly revolt against the government in a revolution whereas factions wage a war against each other in a civil war."

The American Revolution established freedom from tyranny and the creation of a new Nation-State.

The founders of this Nation-State, the framers of the U.S. Constitution determined that the Nation would exist as a free Constitutional Republic. Theirs was no easy task. But they accomplished it. The founders of the new Nation designed a central, "Federal" Government of three co-equal Branches; each Branch keeping the other in check through carefully delineated, demarcated, limited powers.

The people would retain sovereignty over Government, not by dint of faith that the servants of the people would not usurp

power, but through the realization that these servants of the people would, as is human nature, attempt to do so. To prevent that from happening the founders incorporated into the U.S. Constitution, a Bill of Rights—a codification of fundamental, God-given, natural, unalienable, immutable, illimitable rights, including, first and foremost, the right of the people to speak their own mind and the right of the people to keep and bear arms. Thus, would unlawful usurpation of power by the servant of the people be kept in check.

Our Nation is founded on the tenets of Individualism: a recognition of the sanctity and inviolability of the individual and the import of the integrity of Self.

Even during the horror of the American Civil War, neither side, not the Union nor Confederacy, questioned the tenets of Individualism; never questioned the veracity and venerableness of the Bill of Rights. It was never in doubt.

But, today, though, there are forces that do not accept the tenets of Individualism and forsake the primacy of the Bill of Rights. These are the proponents of the tenets of Collectivism; those who will not suffer individual expression nor abide a sovereign, well-armed citizenry. They believe in uniformity of thought, conformity in behavior. Their model of societal perfection is that of the beehive or the ant colony; order maintained through the destruction of the human spirit.

The Arbalest Quarrel has written extensively about the differences between Individualism and Collectivism. See, e.g., our article, posted October 6, 2018, titled, "A Modern American Civil War: A Clash of Ideologies."

Today, forces both inside the Nation and outside it, utilizing the vehicle of the Democratic Party, along with the acquiescence of many within the Republican Party, have engineered a counter-revolution.

They envision a greatly expanded and expansive Federal Government with vast, virtually unlimited powers. To keep Americans in check they have been outspoken in their call for substantial constraints on free speech and the elimination of the right of the people to keep and bear arms. These counter revolutionaries intend to use our Constitution against us. Once in power the Constitution will be erased.

Although not carefully distinguished between two military camps—the Blue and the Gray—of the American Civil War, the clash of ideas is very much a bright line: Individualists versus Collectivists, and a mighty physical confrontation may yet emerge.

The Collectivists have, to date, failed to unseat the Individualists' candidate, Donald Trump. Americans elected Donald Trump to preserve a free Constitutional Republic, thereby securing the Nation the founders bequeathed to us through the difficult war they fought and won: the American Revolution. And President Donald Trump has done a commendable job, despite unimaginable obstacles to preserve the Nation in the form the founders gave to us.

The Collectivists have one last card to play: one which they had hoped to avoid: the U.S. Presidential election of 2020. The outcome may be the endgame for one side or the other. Or it may very well be the opening salvo of a Modern American Civil War qua Counter-Revolution to undercut the American Revolution.

THE RANGEFINDER is published monthly by the Oak Ridge Sportsmen's Assoc. (ORSA) and is mailed to all current members. ORSA is an organization of shooters, hunters, archers, fishermen and others dedicated to outdoor sports and conservation. A limited number of complimentary paper copies are available to interested parties and businesses on a first-come, first-serve basis. An electronic version of this newsletter is posting in the news area of the ORSA website.

Send email correspondence (but NOT address changes) regarding this publication to: **orsasec@gmail.com** with a Subject Line: ORSA Rangefinder

If you wish to submit an article for publication, you must first submit it to the ORSA Secretary via email. The article will then be distributed via email to the ORSA board for approval. When the board approves the article, the author will be notified.
